Sports • Music • Chess

PROJECTS

WEATHER APP

- Developed a Weather app with the help of OpenWeatherMap api.
  Which provides Temperature, Weather condtions, Humidity and Windspeed

TODO LIST APP

- Created a To-Do app in which application will be like a task keeper where the user would be able to enter the tasks that they need to do.
  Once they are done with their tasks they can also remove them from the list.

RANDOM QUOTE GENERATOR

- Created a Random Quote Generator which generate random quote of the days with the help of Quotable API.
  Each time you click on the new quote button, you'll get a new quote.
